

How to Find Your System ID

A quick guide to help you locate
your System ID on Enphase

The screenshot shows the Enphase Enlighten Manager interface. At the top, there is a navigation bar with 'Enlighten Manager' on the left and 'Dashboard', 'Systems', 'Services', 'Data & Privacy', and 'Support' in the center. On the right side of the navigation bar, there are icons for a shopping cart and a help/question mark. Below the navigation bar, there is a secondary navigation bar with 'System Dashboard', 'Activation', 'MyEnphase View', 'Enlighten Mobile', and 'Service Manager'. The main content area is titled 'Systems List' and includes a 'Full System' dropdown menu and a link to 'Click here to initiate Self Service Warranty Claim'. Below this, there are tabs for 'View', 'Graph', 'Reports', 'Devices', 'Events', 'Live Status', 'Services', and a gear icon (Settings) which is circled in white. A white callout box with a gear icon and the text 'Settings' points to the gear icon. The main dashboard area displays a solar panel layout with 'Center' and 'South' labels, a temperature of 78°F, and energy production statistics: 'Past 7 Days 147.34 kWh', 'Month To Date 1.14 MWh', and 'Lifetime 138.71 MWh'. A 'Microinverter AC Voltage' of 242.1 V is also shown. A white callout box with a square icon and the text '1 Find your System ID on Enphase:' is overlaid on the bottom left of the dashboard, with two bullet points: 'Log into your [Enphase Enlighten Portal](#).' and 'Click the gear icon (⚙️) in the top right corner.'

1 Find your System ID on Enphase:

- Log into your [Enphase Enlighten Portal](#).
- Click the gear icon (⚙️) in the top right corner.

Labor Reimbursement

Enphase Energy provides a discretionary reimbursement, payable to solar-installers having to perform onsite labor for the purposes of a product warranty RMA. This labor reimbursement is separate from the written, product warranty itself. Eligibility for the reimbursement is dependent on the date the unit was activated and the specific product(s) installed.

In order to qualify:

- Must be a reimbursement eligible product as determined by Enphase.
- Defective microinverter must have previously been detected and monitored by Enlighten monitoring software.

02 Find your System ID on Enphase:

- You'll see the System ID in the Overview section.
