

How to Find Your Site ID

A quick guide to help you locate
your Site ID on SolarEdge

The screenshot shows the SolarEdge monitoring portal interface. At the top, there are navigation tabs for 'Residential Sites', 'Sites', 'Alerts', and 'Reports'. Below this is a user profile section for 'Mr.' and a navigation bar with icons for Dashboard, Layout, Analysis, Reports, Alerts, and Admin. The main content area is divided into several sections: 'Power Flow' with a weather icon showing 67°F and a 'Last updated N/A' status; 'Production/Consumption' with a dropdown menu and a date range of 'Today' to '3 days' (07/26/2025 to 07/28/2025); 'Production' and 'Consumption' metrics both showing '0 Wh'; 'Site Power' with a 'Last updated 7/28/2025 11:23' timestamp; and 'Alerts (5)' with three entries related to battery issues. On the right side, there is a 'Site Details' section for 'Mr.' which includes a star icon, '1.2 kWp', and 'ID: 1234567' (circled in white). Below this are fields for 'Installation Date' (11/30/2020), 'Address' (CA, US), and 'Equipment' (Inverters (1), Optimizers (21), Storage (1), Meters (2), Backup Interface (1)). A white callout box with the text 'ID: 1234567' and an arrow points to the circled ID in the Site Details section.

Find your Site ID on SolarEdge:

- Log into your [SolarEdge Monitoring Portal](#).
- Head to the Site Details section, and your System ID will be listed there.
